

Features

- Rotationally-moulded polyethylene
- Greater stability & frangible
- Can be easily secured
- UV-stabilised
- Moulded in color - no need for painting
- 100% recyclable

Compliance

- Designed to comply with CASA MOS, Part 139 - Aerodromes, Section 8.2.1

Avlite Systems' range of airport cone markers are rotationally-moulded using UV-stabilised polyethylene, providing exceptionally long-life without the need for painting.

By keeping the manufacturing process in-house Avlite achieves better value for customers, superior quality standards and faster delivery than many of their competitors.

Avlite's airfield markers are manufactured on-site using state-of-the-art proprietary rotational-moulding equipment. High grade, UV-stabilised, virgin polyethylene and mould-in graphics ensures a robust product with a life expectancy of up to 20 years - currently unmatched by any other product on the market!

The polyethylene material offers enormous benefits over fibreglass models, including longer life expectancy and less servicing. No painting is required because the markers are manufactured using colored pigments which permeate all the way through the polyethylene.

Moulded from 100% recyclable materials allows the markers to be recycled at the end of their working life.

The markers are made in Australia, and are available in two sizes designed to comply with CASA MOS Part 139 - Aerodromes, Section 8.2.1.

Avlite Large Cone (Ø750mm): AV-LC

Avlite Mini Cone (Ø400mm): AV-MC

Airfield Markers

SPECIFICATIONS**

Physical Characteristics

Body Material	Rotationally-moulded UV-stabilised virgin polyethylene
Mounting	AV-LC: 4 x 12mm peg holes AV-MC: 2 x 12mm peg holes
Height (mm/inches)	AV-LC: 500 / 19 ² / ₈ AV-MC: 300 / 11 ³ / ₄
Width (mm/inches)	AV-LC: 750 / 29 ¹ / ₂ AV-MC: 400 / 15 ³ / ₄
Mass (kg/lbs)	AV-LC: 5 / 11 AV-MC: 2 / 4 ¹ / ₂
Product Life Expectancy	Up to 20 years

Certifications

Quality Assurance ISO9001:2008

Intellectual Property

Trademarks AVLITE® is a registered trademark of Avlite Systems

Warranty*

Options Available 3 year warranty

• Specifications subject to change or variation without notice

* Subject to standard terms and conditions

Graphics are permanently moulded into the product and will not peel off or fade over time

Installation Type	Color
Runway marker	WHITE
Taxiway marker	YELLOW
Apron edge marker	YELLOW
Runway strip marker	WHITE
Helicopter apron edge marker	BLUE
Unserviceability marker	WHITE, with central 25cm RED band
Runway strip marker (displaced threshold)	Split WHITE & RED
